

WHAT'S MOST IMPORTANT TO YOU?

Attend a
Community Workshop
and share your priorities for
Chesterfield County!

Come engage with county staff, ask questions, and take a short survey. Your opinions will help the Board of Supervisors and School Board shape the five year plan during the upcoming budget process.

Your feedback will benefit **Blueprint Chesterfield**, the county's system for planning, establishing and resourcing community priorities.

Community Workshops are open house-style, so drop by any time within the designated hours.
